

MSA's STRATEGIC SERVICES

By Kristy Stevenson

Strategic Services is about *experience*. We offer healthcare enterprises a full array of services, *needs analysis* conceived and expertly delivered by a panel of professionals whose goal is to make your facility more efficient and successful. We diagnose the scope of your issues onsite, design and engineer workable solutions, and then offer a workforce of highly skilled professionals to make it happen—on budget and on time. A full-feature consulting group within MSA, **Strategic Services** meets all of your needs.

We know about healthcare. And we've got over a quarter-century of experience to show for it. **Strategic Services** will help you define your goals and objectives. Changes in today's healthcare environment, coupled with our special understanding of the challenges you face, make us uniquely prepared to help you launch your facility into the next century.

We are people-smart. Selecting the right consulting firm for your financial, clinical, or networking needs is paramount to the success of your project. **Strategic Services** can provide a team with the best skill-set match for your facility. We deploy accredited CPAs, CMAs, RNs and RRAs who are distinguished in their respective fields and are technology experts. RCDD credentialing guarantees certified consultants who design and install multi-building and campus network infrastructures.

We give you our best. To remain competitive, you need online access to all types of data—clinical and financial. Let **Strategic Services** evaluate your position and help you determine which direction is right for your facility. In developing a growth path, we provide quality assurance which will help you realize a better, more lucrative and streamlined environment—ultimately saving both time and money.

We're focused on you. Our mission is providing innovative healthcare information solutions that consistently exceed client expectations. **Strategic Services** strives to stay abreast of market influences in order to ensure your satisfaction. Our competency and integrity allow us to offer unsurpassed quality service to distinguish you as a leader in your community. Our experts have proven successes and offer their collective expertise.

Our steps are controlled and deliberate. A blend of healthcare savvy and commitment to quality are the tools which help us make *you* successful, and which will reflect promisingly on *your facility*. Through unmitigated monitoring of trends and technological advancements, **Strategic Services'** expertise extends beyond today's environment and into tomorrow's realm. Our rich mixture of experience and technology interaction facilitates the knowledge transfer necessary to put you on the cutting edge.
